Educational & Event Sponsorship

National Scientific Congress

The ASA National Scientific Congress represents a unique opportunity for sponsors and exhibitors to display and promote products and services to a wide cross section of the anaesthesia community within a high-quality educational environment.

Over 1000 anaesthetists and pain medicine specialists attend the NSC over various Convention and Exhibition Centres around Australia.

We encourage you to look at the many opportunities for sponsors and exhibitors to contribute to both the educational and organisational aspects of the Congress.

Other ASA Events

Sponsorship opportunities for other educational events include the annual Part 3 Course, designed to offer non-clinical advice and guidance to trainees commencing their anaesthetic career. The course is convened by the ASA, run by anaesthetists, held annually in different states and run as a one-day face-to-face course. We are always open to ideas and suggestions.

Exposure to
1,000+
specialists

Exhibiting and/or sponsoring at face-to-face events provides an excellent opportunity

- Demonstrate your organisation's commitment to the delegates' professional development
- Promote your organisation and your products to delegates, ranging from trainee anaesthetists to anaesthetic specialists
- Maintain a high profile within the anaesthetic community
- Increase brand awareness
- Network: maintain and build new relationships with your target market
- Expose your staff to their key demographic
